### About the State

Deer in the vicinity of Mendon are  
being chased by dogs. The other day  
a huge buck emerged from the woods  
in an exhausted condition and plunged  
through a closed gate. It pursued its  
course a few yards and dropped life-  
less.

It is now planned to have navigation  
on Lake Champlain open about the mid-  
dle of April, which will be the average  
time for sending out the big boats.  
The canal at both ends of the lake  
remain closed until May 1, so that  
nothing in the line of tows will come  
into Burlington until that time.

Albert O. Cheney, president of the  
Cheney Realty corporation, died Fri-  
day in Brooklyn, N. Y. He was born  
at New Haven, Vt., January 15, 1842,  
and was a captain in the Union army  
during the Civil war. He was in busi-  
ness in Poughkeepsie for many years,  
and belonged to the Loyal Legion and the  
Northwestern Dispensary.

Miss Clara Evans of East Dummer-  
ston was burned on her hands, arms  
and face last week, while trying to revive  
fire in a stove with kerosene. The  
burning oil set fire to her clothing and  
as she was alone in the house, she  
rushed out doors and rolled in the snow.  
The burns cover a large surface but  
are not deep.

The civic committee of the Rutland  
Woman's club is planning to conduct  
an active campaign during the spring  
and summer in cleaning up and beau-  
tifying the city streets. The interest  
in home gardens, for which 6,000 pack-  
ages of flower seeds were distributed  
among the school children last summer,  
twelve prizes being awarded in Septem-  
ber, encourages the continuance of the  
plan this summer.

Since it was learned that the proposed  
federal building in Brattleboro was to  
be only one story high, and that no  
provision had been made for holding  
sessions of the United States court  
there, it has been decided to hold up  
the entire project another year, in the  
hope of getting an additional appropriation  
by Congress. Of the \$90,000 al-  
ready appropriated, \$25,000 has been  
expended in securing a site, leaving \$65,-  
000 available for the building. An  
extra appropriation of probably \$30,000  
will be asked for, also provisions for  
holding state terms of court there, and  
no difficulty in securing favorable ac-  
tion on both propositions is anticipated.

### VERMONT PROSPERED IN RAILROAD BUSI- NESS.

In the course of taking over the Cin-  
cinnati, Hamilton & Dayton railroad by  
the Baltimore & Ohio, there came to  
light the fact that Daniel Willard,  
president of the Baltimore & Ohio, was  
elected also president of the smaller  
road last week. His has been one of  
the most remarkable of railroad careers  
and he came from the very bottom of  
the service. He was born in North  
Hartland in 1861 and went railroading  
in 1879.

His first post was track laborer on  
the Central Vermont, then fireman on  
the Passumpsic road and then an en-  
gineer. In 1883 he went to the Lake  
Shore and Michigan Southern as an en-  
gineer and his next step was the Min-  
neapolis, St. Paul and Sault Ste. Marie,  
where he began work on the "rear end"  
as brakeman. He was promoted to con-  
ductor, roundhouse foreman, engineer,  
trainmaster, assistant superintendent  
and superintendent in 15 years. He be-  
came assistant general manager of the  
Baltimore and Ohio in 1899 and went to the Erie  
as president. In the next three years  
he was vice president and manager of  
big roads and then returned to his old  
love, the Baltimore & Ohio, as its pres-  
ident. Mr. Willard's story is that of a  
typical American boy with push.

### BELLOWS FALLS, JUNE 13-15.

Dates of Annual Conference of Congre-  
gational Churches of Vermont.

Burlington, March 15.—The commit-  
tee to arrange for the annual confer-  
ence of Vermont Congregational  
churches met yesterday afternoon at  
the Van Ness house. The committee  
decided to hold the gathering at Bel-  
lows Falls on June 13-15. Details of  
the programme were discussed at length  
and it is planned to make this the  
strongest convention yet held by the  
denomination in Vermont.

the Washington Town Farm, situated  
2 miles southwest of Washington vil-  
lage. Said farm contains about 100  
acres of land, suitably divided into  
tillage, pasture and woodland, with a  
large amount of soft wood timber.

This is a good farm, good land and  
easy to carry on. Good stand of  
buildings, with running water at house  
and barn, and a pleasant place.

**STOCK**—2 horses, 6 good cows,  
1 calf, 2 shoats, 33 hens.

WITH ABUNDANT SUPPLY

Dressed Pork Is Also Off, Bringing from  
8 to 8½c—Dressed Veal Brings  
10c to 12c—Fresh Eggs  
21c to 22c.

Barre, Vt., March 15, 1911.  
Fresh eggs and butter both lower, with  
abundant supply. Dressed pork also off.

Wholesale quotations:—  
Dressed pork—8½c to 9c.  
Dressed veal—10½c to 11c.

**RICKER'S MARKET REPORTS**

Hogs ¼ Cent Lower, Veal Steady, Beef  
Lower.

St. Johnsbury, March 15.—W. A.  
Ricker's market reports show one-fourth  
cent lower, veal steady, sheep and poultry  
selling better and beef lower. Re-  
ceipts for last week were:—  
Poultry—106 to 12c.  
Lamb—3 to 6c.  
Hogs—90, 66 to 6½c.  
Cattle—10, 26 to 27c.  
Calves—90, 36 to 37c.  
Milk cows—25, \$40 to \$50.

**IN BOSTON MARKETS.**

Butter Has Good Sale, Eggs in Brisk  
Demand—Prices Little Changed.

Boston, March 15.—The week opens  
in the local market for dairy products  
without much change from last week's  
conditions. Butter is finding a rather  
good sale and prices are holding quite  
steady, though there is plenty of stock  
to go around. Cheese is on a basis that  
appeals to buyers, and sales are fairly  
large and the market is steady. Eggs  
continue in brisk demand, and as re-  
ceipts are moderate, the market keeps  
closed up and firm.

Jobbing quotations:—  
Butter—Fancy northern creamery,  
tubs 27 to 28c, boxes 28 to 29c, prints  
28 to 29c, fancy western creamery,  
spruce tubs 27 to 28c, ash tubs 26 to 27c,  
fancy storage creamery 25 to 26c, fair to  
good creamery 22 to 23c, dairy 22 to 23c.  
Cheese—New York twins, fancy 13 to 14c,  
fair to good stock 11 to 12c, Young America  
17 to 17½c, sage 17½ to 18c.  
Eggs—Fancy henery 27 to 28c, choice  
eastern 24 to 25c, fresh western 20 to 22c.

**HIGH PRICES AND POOR FARMING.**

Something Wrong When Summer Board-  
ers Get Attention That Should  
Be Given to Crops.

At this time of high prices of all  
foodstuffs, it is not a good idea to  
look into the matter, asks James E.  
Way in the Country Gentleman. At my  
old home in Dutchess county, New  
York, there is a farm of 150 acres  
that in the late '90s was in three  
farms; one of 80 acres, called the home  
farm, the owner refused an offer of  
\$20,000 for it; No. 2, 12 acres, the  
owner offered \$5,000 for; No. 3, the owners  
paid \$4,500. They therefore had \$27,-  
000 in land value at that time; in the  
years between 1895 and 1875, the stock  
and tools would bring the value to  
about \$30,000. Now I know all about  
this land, living as I did, on a farm  
of 11 acres adjoining. This farm was  
run by old men in the old rut, and it  
would be a good thing if the same farm,  
and others, would go back to that same  
rut. That farm paid at that time 10  
per cent on \$30,000. I have in mind  
one field on the 12-acre farm of four  
acres cutting 12 large loads of clean  
timothy hay, good for one ton each,  
in the spring, and that land no better  
than the rest of it.

Let us look now at this same farm  
still in the family, but what a change  
in farm and family from 1870 to 1900!  
Eleven of the old family were laid to  
rest; to-day there are three of the  
younger generation; therefore the old  
people had a family of 14; the present  
people have three. The old people made  
a great strife for hogs, and they were  
laid to rest. Now I know all about

in farm and family from 1870 to 1900!  
Eleven of the old family were laid to  
rest; to-day there are three of the  
younger generation; therefore the old  
people had a family of 14; the present  
people have three. The old people made  
a great strife for hogs, and they were  
laid to rest. Now I know all about  
this land, living as I did, on a farm  
of 11 acres adjoining. This farm was  
run by old men in the old rut, and it  
would be a good thing if the same farm,  
and others, would go back to that same  
rut. That farm paid at that time 10  
per cent on \$30,000. I have in mind  
one field on the 12-acre farm of four  
acres cutting 12 large loads of clean  
timothy hay, good for one ton each,  
in the spring, and that land no better  
than the rest of it.

Let us look now at this same farm  
still in the family, but what a change  
in farm and family from 1870 to 1900!
